MEMBER SINCE 2012

*The next meeting of the Nova Woodturners' Guild is at  
Kent Building Supplies  
Mic Mac Mall, Dartmouth, N.S.  
October 20, 2014 6:30 pm.*

The next meeting will feature  
**Dave McLachlan**  
demonstrating  
**Duck calls – turning and tuning**

## The President's Workshop

Dianne Looker

**2014 September NWG President's report**

There is lots to report on this month. I will try and keep it short.

First of all I want to thank everyone who helped at the "Everything About Wood" event at the Home Show - and that includes at least a third of our members in one way or another. We had a lot of people wander by our booth, admire the many turnings on display and stop to chat to us. Several took brochures and I will be very surprised if we don't see some new faces at the next few meetings. Thanks to all those who brought things in for the display - and to those who helped to staff the booth and/or to put on demos.

Special thanks to **Brian Sharp** and **Dave McLachlan** for sorting out the schedule for the booth at the show. Yes, it took a while to sort out, but they had little time to do it and did a fine job. They also organized getting the lathe from **Busy Bee** and the protective shield from **Lee Valley**. And **Dave McLachlan** also managed to get us brochures in time to pass out at the show. **Gary Landry** got us some great looking flash badges for those staffing the booth to wear.

Secondly, we now have committee for the exhibition next summer at the **Mary E. Black Gallery** – **Dave McLachlan**, **Peter Nicholl**, and me. We (and some other members of the executive) met with **Stephen Zwerling** before last month's meeting and he provided us with a wealth of information about the process. Then we met with **Shannon Parker** from the **Art Gallery of Nova Scotia**, who will be curating the event. She provided more details and an idea of next steps needed. Finally, last week Peter, Dave and I met with **Susan Charles** of the **Mary E. Black Gallery** to get an idea of their expectations and what was needed from us.

The **Mary E. Black Gallery** (MEB) covers the cost of printing the brochure for the show, they provide the opening reception and pay for advertising and invitations. We have to cover the cost of photographing pieces for the brochure, and any honoraria for jurors. It's important to note that the MEB pays us a \$2000 "borrowing fee" (the fee for "borrowing" our works) that will cover many of our costs, so we only have to fund raise for amounts over \$2000. We are exploring various options for grants and sponsors.

We have two esteemed colleagues who have agreed to be jurors for the exhibition: **John MacNab** and **Steven Kennard**. We are hoping to get one more juror to work with Shannon to choose pieces for the show.

We will be sending out details once they are firmed up, but for now we are anticipating that pieces for consideration in the exhibition would be due in April or May of next year. There will be opportunities

*I want to thank everyone  
who helped at the  
"Everything About Wood"*

**The President's Workshop** continued

Dianne Looker

*We still need a new place  
to meet ...*

for novices as well as more advanced turners. This exhibition is for Guild members only, so it is your opportunity to stretch your limits a bit.

Thirdly, related to the **Mary E. Black** exhibition, several of us had the opportunity to take advantage of the expertise of one of our Guild members this month. As many of you know, **Gordon Marshall** has kindly agreed to serve as “Chief Educational Officer”, offering guidance in areas where members feel they need advice or instruction. The most recent session was on sanding and finishing. We were invited to bring in “less than perfect” sanded or finished pieces. Gordon was very helpful and knowledgeable about guiding us to what could have been done differently, and what we could do differently in the future. It is this sharing of expertise that makes our Guild so special.

And speaking of sharing, in October, there will be some forms distributed to ask which other members might be willing to help mentor others in particular areas – and who might like some help. This is not designed to take away any customers for those of our members who offer instruction for pay. Rather, it is designed to increase the sharing of knowledge that we have, as well as helping us get to know each other better.

I know you are getting tired of hearing me say it (I am getting a bit weary of the topic myself ;-)) but we still need a new place to meet – one that will allow us to bring in a larger lathe (which hopefully we will purchase once we find a place). In October you will be asked to fill out a brief survey about how far you would be willing to travel (a) for regular meetings and (b) for special events. We understand that some will be constrained in how far they would go each month but many of us are willing to travel a bit farther afield for the occasional special demo or hands on session.

A reminder that there are educational opportunities made available through the **American Association of Woodturners (AAW)** – our Guild is a Chapter of the AAW. Check out the options at: <http://www.woodturner.org/?page=MemberWelcome>

Finally, given the fact that there may be some new recruits from the **Everything About Wood Show** appearing at our meeting on October 20, we thought it would be best to have a demo that involved some “chips flying”. So, **Dave McLachlan** has kindly agreed to do a demo on making duck calls, and we will deal with the topic of “From idea to paper to lathe” later in the year.

And that’s it for me for now.

Happy turning! And see you October 20.

**Dianne**

## Meeting Notes Sept 15, 2014

Dave Duggan

**Introduction**

President **Dianne Looker** called the meeting to order at 7:00 and the first order of business after seeing a new face in the crowd was to ask for an introduction. **Tom Patterson** has joined us, Tom turned years ago and is looking to get back into it. He has a combined Shoptsmith lathe and is looking to make good use of it. Welcome aboard Tom.

Dianne then introduced the executive and most already knew but if there's any doubt check out the website for all the executive and committee members. If you think you would like to be on the executive or a committee member just let one of us know and I'm sure we can make it happen. Next there was the explanation of the show and tell table. Again this year we will have a "Feel Free to Touch" and a "Please Do Not Touch" table. The reason for this is that some items may be for sale or even sold and maybe very delicate and we are not looking for an unfortunate accident to happen.

A survey was passed out asking members about a volunteering for various committees. Please fill out the form and return it to Dianne when you get a chance.

We have had some movement on the long awaited brochure thanks to VP **Dave McLachlan**, if you have any suggestions or something you would like to see please let Dave know at vice-president@novawoodturnersguild.com and Dave will take a look.

**Announcements :**

New dates for the Lee Valley Turning weeks are tentatively set for April 23- May 2,2015. We will try and co-ordinate this again so that entries can be dropped off and an additional trip to the city will not be necessary.

The **Everything about Wood Show** is set for Oct 3-5, 2014 we are looking for demonstrators and also people to staff the booth. On the same note we are again looking for volunteers to staff the booth at the **Wood Show -Home Show** Nov 14-16, 2014 there will be a Guild booth where turners will be able to sell pieces they have but they prefer that the transactions are done later at your own shop. Please contact **Brian Sharp** at events@novawoodturnersguild.com also Working the Home show gives you free admission and a chance to look around.

The question of people participating in the **Mary E Black Gallery** showing was next and we had a good showing of hands. We are still looking for a chair for the committee and need people to help find sponsors.

The executive is looking to purchase some work aprons with the NWG logo or flash badges for the people working the booths at the various shows.

**Gordon Marshall** is offering a session on sanding/finishing on Oct 5,2014 from 1-5pm. Those interested in participating should contact him at [gordonkim@eastlink.ca](mailto:gordonkim@eastlink.ca) .

*President Looker*

## Meeting Notes continued

Dave Duggan

The website Gallery is falling behind maybe because people are not aware that we have a gallery on the site. Your work can be posted and displayed. If you would like to post your work please contact Ian Scott about how this can be done you can reach him at [webmaster@novawoodturnersguild.com](mailto:webmaster@novawoodturnersguild.com)

Mentoring is a subject that needs some discussion. Mentoring is a one-on-one volunteer program. We are looking for how many do instruction for pay, but a more involved discussion will follow in October.

**Business Meeting:****PHOTOS BY CHRIS PALMER**

A motion was made by **Dave McLachlan** and seconded by **Gary Landry** to continue with the **Society of Canadian Woodworkers (SCW)** at a cost of \$50. This is a necessary cost to continue our insurance coverage. Motion Carried.

A motion was made by **Dave McLachlan** and seconded by **Gary Landry** to

continue our Liability Insurance through the SCW at a cost of \$542, Motion Carried.

A discussion took place on the need to purchase extra Product Liability Insurance at a cost of (\$100). The insurance would cover hobbyists on items they listed but not chairs, electrical or toys. After a discussion and vote it was decided not to purchase the insurance at this time.

Next was the presentation of the 2014/2015 budget by Treasurer **Peter Nicholl**. Many items were discussed and a copy of the budget was given to all. A motion was made by **Norm Jolivet** and seconded by **Doug Allan** to accept the budget as presented, Motion Carried.

Advantages and disadvantages of lathes:

The evenings talk was on lathes, members were asked to supply a picture of their lathe and give a little talk about it, what they like or dislike about it. We had 9 members offer to talk and **Jim Diamond** was up first:

Jim has a General 260 variable speed and says it works very well for him, his knee get a little misplaced sometimes because of the electrical box and of course wood dust and shavings get in the controls but all in all he is very happy with it.

Next we had **Calum Ewing** who uses a One Way 12-24. Calum says it works well for him as he does mostly small turnings and he is happy with it.

*Dave Duggan – Powermatic 35-20*

Meeting Notes continued

Dave Duggan

**Dave Duggan** spoke on his new Powermatic a 35-20 its new so still learning it. It works great and needed something to fit into a limited place.

**Dianne Looker** is working with a Jet 12-36 and had the same problem as Jim with wood dust getting into the switch gear. Jim had a good suggestion to cover the on/off switch with clear plastic wrap and an elastic band to stop the problem, you can still work the switch but the dust doesn't get in.

**Gary Landry** showed his General International Maxi lathe it works great for him and even better because of the great deal on it when he bought it. A small problem with the

*Dianne Looker - Jet 12-36*

wiring but the company went good for it right away. (Fundy Grinding).

**Harold McLellan** sent in a picture of his Craftex a long lathe obviously great for doing long spindle work.

**Norm Jolivet** works with his Beaver 2600 (not to be confused with a Rockwell Beaver), this is a sturdy machine that Norm admits is hard to get parts for but I believe he got a line on a supplier at the meeting.

**Peter Nicholl** is a General man like Gary, Peter's lathe has a 14" swing for doing bowls and is happy with it as he can move it around as needed.

**Robert Atkinson**, last but not least, showed his (as was commented the Transformer machine). Robert has a Oneway 16-40 it is a large lathe with lots of additions for outboard turnings, Robert says he had a few problems with the drive and spindle but that has been taken care of

*Gary Landry - General International Maxi*

and if you have seen Roberts work you would know it works great for him.

Thanks to all that supplied pictures and talked about their machines it was an excellent and interesting discussion. Maybe some people learned what or what not to buy when looking for a new lathe also

*Robert Atkinson - Oneway 16-40*

**Stephen Zwerling** offered help with questions about lathes if needed.

*Peter Nicoll - General Maxi VF*

Show and Tell

Dave Duggan

Show and Tell:

**Andrew Watson** showed a small walnut bowl with a natural edge. Andrew also has 3 nested bowls of spalted maple. Andrew enjoys using the system saver, more bowls less shavings. The bowls were finished with tung oil and a light sealer.

Andrew Watson

Yogi Gutz

**Yogi Gutz** brought in some jaws that he made out of necessity, he needed them for finishing the bottom of his 10" bowls. Yogi also showed a homemade tool for getting into tight places.

**Lowell Jenkins** showed his large salad bowl and two vases that he got out of the same piece of wood, beautiful designs on the spalting, a very nice piece.

Lowell Jenkins

**Gary Landry** brought in his first attempt at a bird house or mosquito house (they are small) a nice job, I'm sure Gary will be making more maybe even bringing them in for us to see.

Thanks to all those who took the time to bring in their turnings.

Gary Landry

The Boomerang Box was next with last time winner **Gary Landry** providing the surprise this time. **Dianne**

**Looker** was the recipient of a small box made from Ambrosia Maple by Gary. Gary also tried some chatter work on the top. (Try new things expand your skills). Dianne will now turn something for next month's winner.

Thanks to all that attended, spoke, showed items and participated. We are on our way to another year with lots of great meetings, guests and turnings.

## Calendar of Events

Date	Subject	Location
September 15, 2014	Discussion on lathes, big show and tell of what you turned over the summer	Kent Building Supplies Mic Mac Mall
October 20, 2014	Duck calls – how to make them	Kent Building Supplies, Mic Mac Mall
November 17, 2014	Coloring /Dyeing.(Shape challenge)	Kent Building Supplies, Mic Mac Mall
December 15?, 2014	Christmas Social	Halifax Specialty Hardwoods, 112 Bluewater Rd Bedford
January 19,2015	Photography / Shape challenge	Kent Building Supplies, Mic Mac Mall
February ?, 2015	Turning Days @ Lee Valley Awards Day	Lee Valley Tools, 100 Susie Lake Crescent
March 16, 2015	Fun Turn and Competition pieces.	Kent Building Supplies, Mic Mac Mall
April 20, 2015	Turning materials other than wood. (Shape challenge)	Kent Building Supplies, Mic Mac Mall
May 11, 2015	Combining wood and metal.	Kent Building Supplies, Mic Mac Mall
June 15,2015	AGM	Kent Building Supplies, Mic Mac Mall

### The Raffle Booth

Norm Jolivet

We had 6 draws in the Raffle at the September meeting with two blind bags and bowl blanks supplied by **Stewart Taylor**. There were 31 members in attendance.

Next meeting, in addition to the regular, irregular raffle, I will have 2oz. (60mL) syringes available. These are brand new, sealed and sterile. These units have a long tip and are perfect for dealing with oils, thinner, varnish, finishing products, getting the gas out of the lawnmower etc. and at \$1 / two, cheaper than the pharmacy at \$2 ea.

Amazing what gets donated!

Norm,  
jolivetn@yahoo.ca  
Hey, you could even phone me! 902-354-2165

## Everything About Wood

Photos by Dave McLachlan

*Duck Call - David McLachlan*

The **Everything About Wood Show** was a rousing success by all accounts. Attendance was less than hoped for but we made a good showing. Information about the Guild was accepted by many and hopefully they will visit us.

Many thanks to **Busy Bee Machine Tools** for the use of a lathe and **Lee Valley Tools** for the use of the safety shield.

A huge thank you to **Brian Sharp, Dave McLachlan** and all the members who bravely manned the booth and demonstrated at the event. Yes, it took a while to sort out the schedule and had little time to do it and did a fine job. They also organized getting the lathe from Busy Bee and the protective shield from Lee Valley.

**Gary Landry** got us some great looking flash badges for those staffing the booth to wear.

*Flowers - Gil Pacheco*

*Spurtle - Peter Nicholl*

Thanks to all those who brought things in for the display - and to those who, sorting out the schedule, helped to staff the booth and/or to put on demos.

And **Dave McLachlan** also managed to get us brochures in time to pass out at the show.

## Treasurer's Report- Nova Woodturners' Guild

June 24, 2014

The Guild maintains three accounts with Teachers Plus Credit Union at 36 Brookshire Crt, Bedford, NS.

The first account is a shares account that we must hold to conduct business with the Credit Union. It has a constant balance of **\$10.00**.

The second account is a savings account. The Guild did not debit or credit this account during the 2013-2014 fiscal year. The only activity was the monthly interest deposit.

First Rate Saving account -	Opening Balance	\$2121.18
	Total Interest	\$15.97
	<b>Closing balance</b>	<b><u>\$2137.15</u></b>

The third account is a chequing account, through which all of the monthly transactions occur.

Chequing Account	Opening Balance	\$2120.97
	<b>Closing Balance</b>	<b>\$3466.40</b>
Cheques/cash not deposited as of May 31, 2014		<b><u>\$595.00</u></b>
	(ledger balance)	\$4061.40

Total revenues this year	\$4676.00
minus Total expenditures	<u>\$2735.57</u>
Net Revenue	\$1940.43

### **Total Funds Year End - May 31, 2014**

## Nova Woodturners' Guild Budget 2014-2015 (Sept. 15, 2014)

### Revenue

Dues (45 members @\$40)	\$1,800
Raffles	\$650
Competition	\$250
Fun Turn	\$100
Binh Pho Demo	\$1,750
Alain Mailland Wood	\$450
Alain Mailland Demo (fees already collected in June)	\$350
Grant/sponsorship Mary Black Show	\$2,000

**Total budgeted revenue** **\$7,350**

### Expenditures

Alain Mailland Demo and Hands-on Workshop and travel	\$1,900
Alain Mailland Wood	\$450
Alain Mailland tools	\$96
Society of Canadian Woodworkers	\$150
Canadian Insurance Brokers	\$524
Joint Registry of Stocks	\$30
Name tags	\$85
Bank service charges	\$48
Raffle items	\$150
Fun Turn wood & prizes	\$275
Subscriptions (Books, Magazines and DVDs)	\$300
Christmas Social	\$50
Competition judges' honorarium	\$600
Competition Plaques and misc.	\$120
Binh Pho Demo	\$2,250
Aprons and badges (Wood Shows – October/November)	\$100
Reimburse Officers for AAW (4 X \$45US)	\$195
Tools, repairs and misc hardware expenses	\$200
Website Hosting (\$200 paid once every 3 years )	\$67
Brochure	\$500
Mary Black	\$2,000
<b><u>Total budgeted expenditures</u></b>	<b><u>\$10,090</u></b>

**Projected Deficit** **-\$2,740**

#### Note:

The amounts for Alain were included here as they are being paid in this fiscal year. We had a surplus of \$1940 last year mostly due to the overlap of Alain's demo with our year end. In total, for Alain's visit it cost us \$161 (\$2285 collected/\$2446 paid out - \$96 of which was for acquisition of a set of tools and steel bars).
