

The Official Journal

Nova Woodturners' Guild Season 8! Monday December 16, 2002

The fourth meeting of our eighth season will be **Monday December 16 at the Carpentry Shop, NSCC, at 7:00 pm.**

December Meeting

Topic: "Turning & Sharpening Basics"

November Meeting :

The NWG members joined together on November 13th, 2002 at **Busy Bee Tools** to see a turning presentation by **Robert Sorby** Tool representative, **Mr. Chris Pouncy**. Over the span of a couple of hours, Chris profiled a few of the most commonly sold Robert Sorby Turning Tools as well as entertained the group with his dry English wit.

2002 Atlantic Woodworking Show NWG Turning Competition: Overall the show was another great success with the Turning Competition shinning through as one of the show highlights. This year's addition of a "People's Choice" category proved to be popular with the show participants, as more than 500 ballots were cast for the various entries. Special appreciation to the following individuals and businesses who greatly contributed to the overall success of the competition; **Bill Luther, Chris Pouncy, Busy Bee Tools, Lee Valley, Atlantic Woodworking Show, Canadian Woodworking Magazine, East Coast Speciality Hardwoods, Tool Traders**. In addition, special thanks to each of the NWG members who volunteered to supervise the booth as well as the show organizers for providing the complementary space, tables, and draperies.

Denton Ford's Turning
