

The Official Journal
Nova Woodturners Guild
Season 11! Monday March 20, 2006

The seventh meeting of our eleventh season will be at the NSCC Carpentry Shop 5685 Leeds St. Halifax, NS at 7:00 pm. Monday March 20.

March Meeting

The topic will be sharpening. Members are encouraged to bring along some tools they are having a hard time sharpening.

Bill Luther will have some more Triton respirators for anyone who may not have been able to make it last meeting.

February Meeting

Several members brought jigs they used to the meeting. Russell Parrot brought a grinding jig and a jig for holding bottle corks.

Information on the jig is available at the following link.

<http://www.taunton.com/finewoodworking/pages/w00115.asp>

Darell Eisner brought jigs for pen turning.

Stuart Taylor showed several jigs and how he turned a spoon with an offset handle. The bowl of the spoon was “turned” with a mini-grinder and a “Kutzall” grinding disc; he has found that chainsaw-like grinding discs are too aggressive.

Dan Graham showed the Triton powered respirator available from Busy Bee at a special price for NWG members.

Dan Graham, Stuart Taylor, Jamie Wolverton and others showed several turnings to the crowd.

Anniversary

On March 5 1996, NSCC gives the NWG permission to use the carpentry room for its meetings.
